# eduhub – a community very much alive !

- eduhub days from 2009 to today: 70 > 130+ participants
- Traditionally high number of AAA projects (67 of 114)
- AAA “Bridge project” in 2013
- Key results are not just in projects but in the community:
  - the network of people and specialists
  - the information exchange
  - the collaboration between institutions
  - also more and more the creation of national services

# Main achievements

- Special events: eduhub days, eduhub webinars, SIG meetings as well as praxis meetings

# CUS P2 Project

- 2013 was the year of the “bridge” projects (more about this from Petra Kauer-Ott & Rolf Brugger)
- There were over 100 use cases that created the basis for the new “e-Learning” Strategy. Four key directions:
  - e-portfolio and e-assessment
  - Learning and teaching with new tools for more efficient knowledge transfer
  - Management and delivery of electronic educational content
- Programme is lead by the CUS P2 “Comité de pilotage” and “Direction de programme”. Success measured by the creation of sustainable national services.

# New services at SWITCH

- SWITCHportfolio:  
The Mahara-based service is launched with five institutions.
- SWITCHtube:  
Based on many requests from the community, we are currently rolling out version 1.0. ([tube.switch.ch](http://tube.switch.ch))
- SWITCHdrive:  
This personal shared storage will be launched in Q2 2014. We are looking for test pilots.
- Please contact us if we can support you!

# eduhub and SWITCH

- We see the eduhub as a unique opportunity to interact with our community with regard to e-Learning
- So we will expand our offering by taking eduhub on the road and starting individual “eduhub visits” to your organizations in 2014.
- And finally: In order to create sustainable services for our universities we need your guidance and support.
