

INVITATION TO THE OPENING CEREMONY OF THE SWISS EDTECH COLLIDER APRIL 27, 2017

We are pleased to invite you and your guests to the official launch of the Swiss EdTech Collider, Switzerland's first collaborative space dedicated to ambitious edtech entrepreneurs. The opening ceremony takes place **on the EPFL Campus in the main hall of the School of Computer and Communication Sciences IC on April 27, 2017 from 17h00 to 19h00.**

We believe Switzerland has the potential to become a global leader in edtech. With EPFL taking leadership in the European MOOC landscape, Switzerland has become an important hub for digital education. This exciting development is further fueled by EPFL professors leading cutting-edge research projects on learning technologies. Promising education technology startups are emerging in Switzerland and beyond. Bringing these actors together and helping them thrive by offering a collaborative space and building a strong ecosystem can significantly contribute to the development of the Swiss education and learning technology sector.

We would be honoured by your presence. **We kindly ask you to confirm your attendance by April 20, 2017 to cristina.riesen@epfl.ch**
