

# 15th SAMoo meeting

Thomas Korner, Jonas Lanz

ETH Zürich

LET Lehrentwicklung und -technologie

A set of new question types for online exams (but not only)

## Background

- Moodle's focus on formative and self assessments
  - Handling
  - Grading methods
  - Features

## Question types for our assessments

- File Response (initially by BFH)
- Freehand Drawing
- Kprime
- Multiple True False
- Single Choice (A prime)

# ownCloud Moodle integration: Quo vadis?

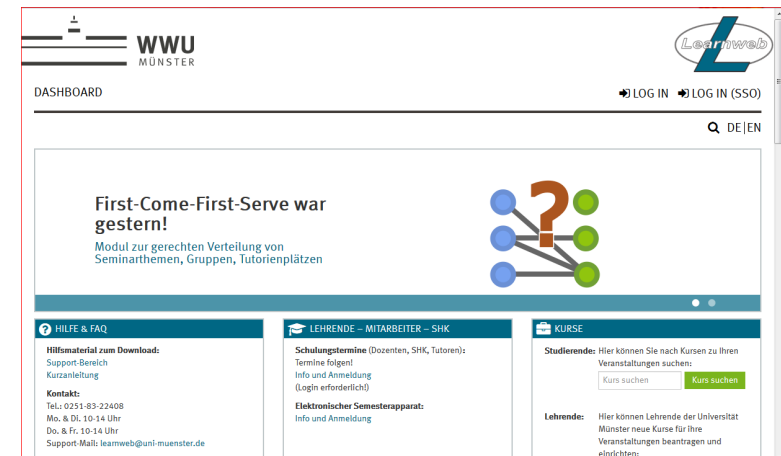

# Integration Moodle and ownCloud

- Sciebo
  - Cloud service based on Enterprise edition of ownCloud
  - Offered by 26 Institutions in North Rhine-Westphalia/Nordrhein-Westfalen

- Learnweb
  - E-Learning-System based on Moodle
  - Offered by WWU Münster (Westfälische Wilhelms-Universität Münster)

## Scenarios

- Access to ownCloud via Moodle → Single Sign-On
- ownCloud Repository accessible through Moodle
  - Upload file(s)
  - Link file(s)
- Creating Collaborative Folders as Moodle-Activity with file storage in ownCloud

# DEMO

# Comparison to UseCases (defined on September 5<sup>th</sup> 2016)

## UseCases

- UseCase 1: add File from my SWITCHdrive with a Filepicker and add it to the course
  - A) as a copy
  - B) as a link
- UseCase 4: Create a course folder on SWITCHdrive and use it as a ressource/activity.

## Solution by Sciebo

- Realized
- 
- Realized

# Comparison to UseCases (defined on September 5<sup>th</sup> 2016) II

## UseCases

- UseCase 3: Create a course folder by students
- UseCase 5: Files Drop folder
- UseCase 2: file repository for all files (primary storage)

## Solution by Sciebo

- If you change permissions for create activities.
- No, but it is a new feature of ownCloud
- no

# How do we proceed with SAMoo's project?
