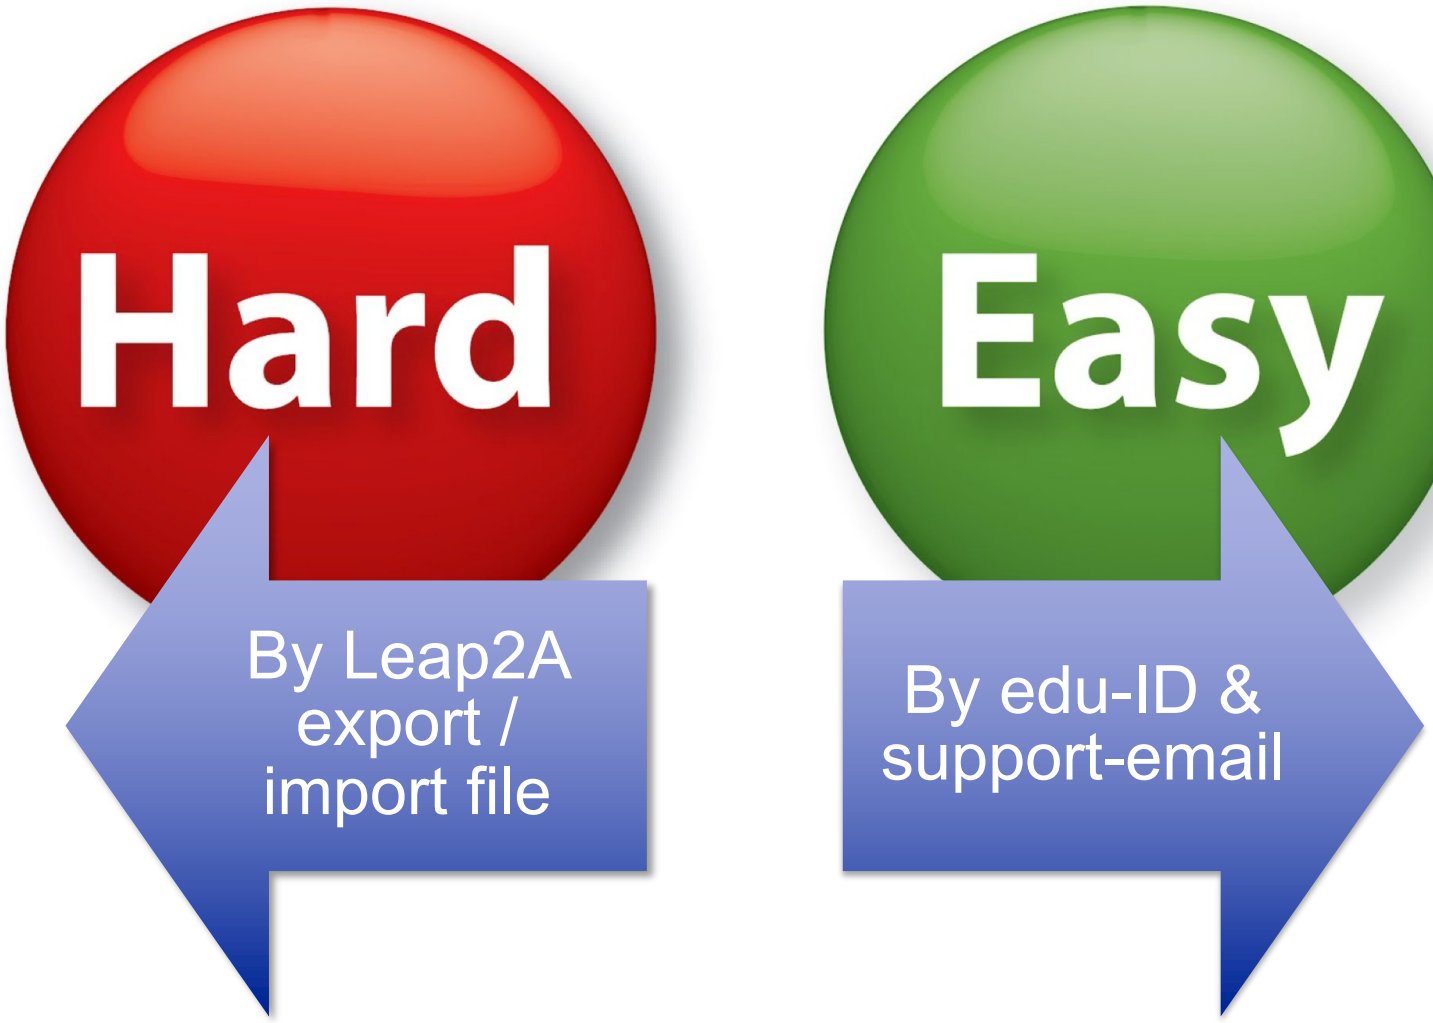
What happens next?

- New point releases
- Upgrade to 19.04 end of July 2019
- Test of new version from 1st week of Aug 2019
- Prepare:
  - Adjust your tutorials and documentation
  - Learn and start to use new features

Can I continue to use my SWITCHportfolio after I leave university?

How can I do it?



By export / import Leap2A

- Export e-portfolio to Leap2A-file
- Search for a (free?) e-portfolio hosting site (e.g. https://www.foliospaces.org or http://foliofor.me/)
- Create a free or paid account
- Upload Leap2A file

By SWITCH edu-ID

1. Create a SWITCH edu-ID

   PS: all SWITCHdrive users already have an edu-ID!

2. Login with your edu-ID on SWITCH edu-ID institution

   … in order to just create a new empty portfolio

3. Request transfer at portfolio-support@switch.ch

Any questions?
