StudentQuiz - The Motivation

StudentQuiz - Properties

- StudentQuiz makes Moodle content **student-driven**.
- StudentQuiz enables students to **collaboratively** create their own question pools.
- Students can **filter** questions into quizzes, and they can rate and comment questions while working through the quizzes.
- StudentQuiz collects **usage data** for each question and ranks students based on their contribution and answers.
- The **Personal Learning Assistance** shows each student his/her individual learning progress and compares this with the community.
- Created questions become part of the Moodle question bank and can be **reused** in standard Moodle quizzes.
- StudentQuiz was developed at the **HSR University of Applied Sciences Rapperswil**, is open source GPLv3, and can be downloaded from the Moodle Plugin Directory.

A student's voice

I started to catch up with the class, and StudentQuiz has helped me extremely. With StudentQuiz I could directly check and consolidate my understanding of the substance.

A student voice – using StudentQuiz in Flash Card mode

" Mein Vorgehen war wie folgt:

- Ich filtere die Fragen nach "Tag", "Bestätigt" und "Anzahl eigene Versuche = 0"
→ Quiz mit 20 neuen Fragen.
Meist konnte ich 2/3 davon auf Anhieb korrekt beantworten, da ich mich intensiv mit den Folien und dem Buch auseinander gesetzt habe.
- Dann beantworte ich die nächsten 20 komplett neuen Fragen bis insgesamt rund 20 zuletzt falsch beantwortete Fragen zusammen kamen.
- Dann filterte ich nach diesen 20 zuletzt falsch beantworteten Fragen ("My Difficulty > 0.8"). Diese sind also aus den rund 80 beantworteten Fragen die 20, welche ich nicht korrekt beantworten konnte. Ich versuche es wieder und es blieben etwa die Hälfte, also etwa 10 davon stehen.
- Ich beantworte 40 neue Fragen um wieder etwas Abstand zu den gerade bearbeiteten Knacknüssen zu bekommen und wieder insgesamt 20 zuletzt falsch beantwortete Fragen zusammen zu haben.
- Mit der Personal Learning Assistance kann ich nun diejenigen Fragen, welche ich mindestens einmal Falsch beantwortet habe in den kommenden Wochen wieder durchgehen und so festigen. Auch die bisher korrekt beantworteten Fragen werde ich hin und wieder wiederholen, doch werden die Intervalle dafür natürlich grösser. "

StudentQuiz - Practical Experiences

- Think about the question types allowed
- Train students how to create good questions, especially MC
- Contribute some good quality questions as guide lines first
- Require a minimum number of questions from each student
- Make sure questions are distributed evenly over time
- Create a gamified atmosphere
- Be fast with comments, be tough with approvals and deletes
- You maybe want to mention that you “maybe” want to recycle some good questions for the exam ;-)
