

Creative Café Report

Your Name: Steve Bennoun

Title of Creative Café: Votamatic: UNIGE's online clicker system

Participants (if known):

Which main topics emerged during the discussion?

As the different online voting systems that exist have only slightly different options and that each university has its own system, wouldn't that make sense to develop
What is the relevance for the Swiss HEI? one open system at the swiss
All universities in Switzerland | level?
would have access to one system with the needed options.

Suggested next steps (if any):

Make an inventory of all the systems developed or used in Switzerland.

Discuss and decide whether developing a unique

Additional comments: system at the Swiss level would be beneficial? Is it realistic to have the HEI (or at least most of them) collaborate on such a project?
