What are your main take aways?

Mentimeter

Zusammenarbeit mit E-Learning suchen

Establish a culture for sa

You need to invest in communication to raise security awareness.

The need to establish a security awareness culture in my team

Culture and Communication

It is not a tech-topic

Bring back the theme to my organisation - we have to talk with the IT

What are your main take aways?

Mentimeter

Security is an important daily business A lot of people can contribute!

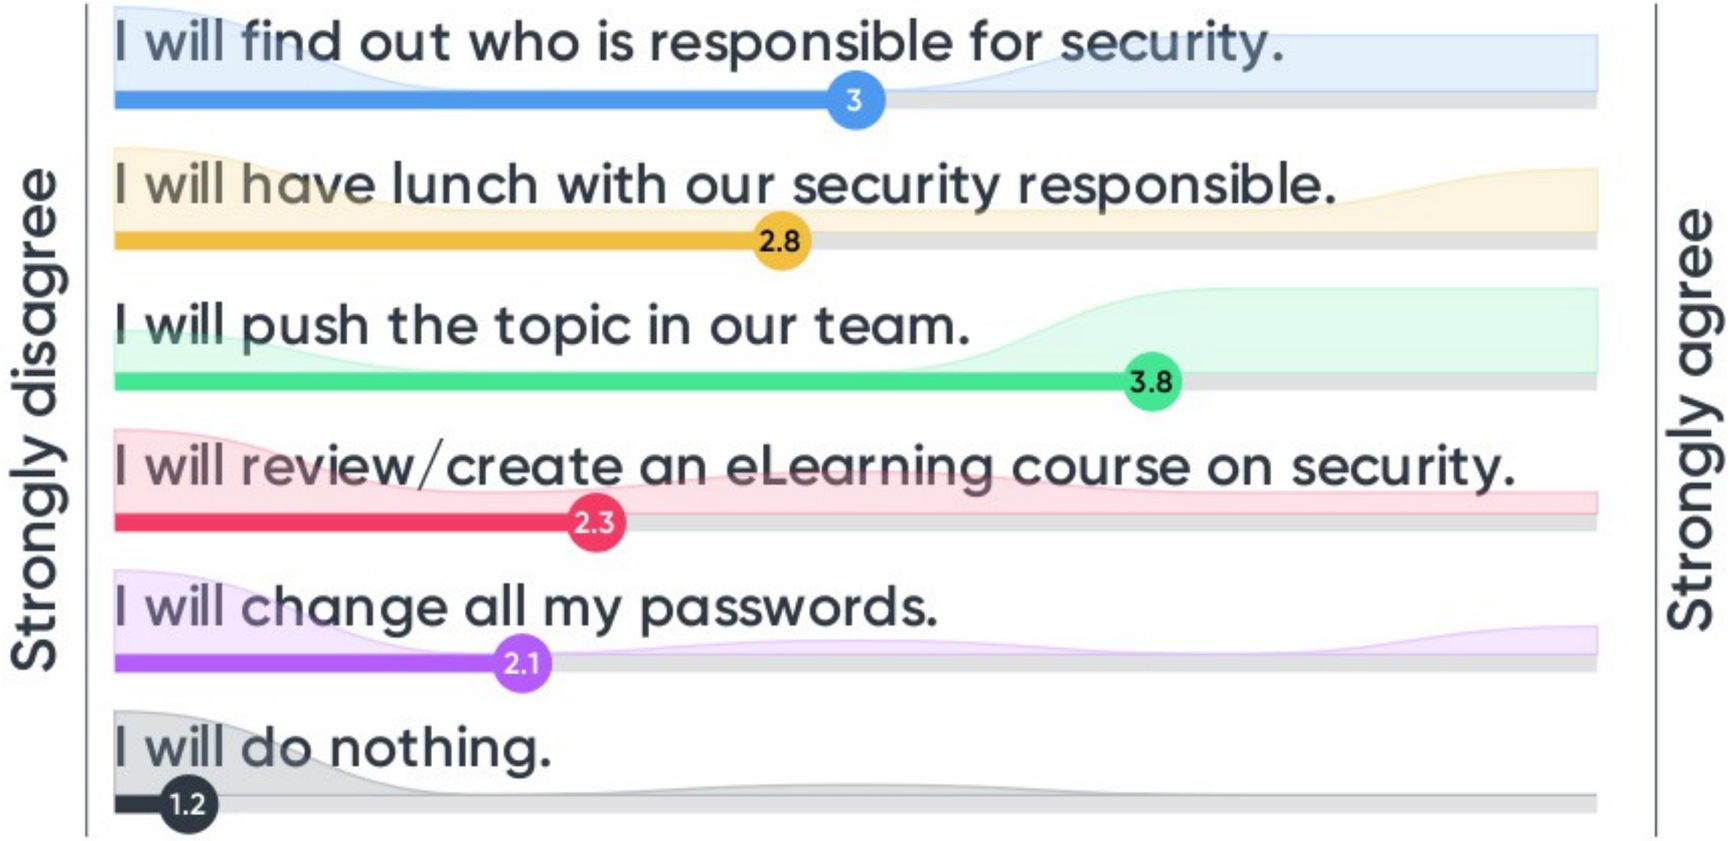
Gute, kompetente Leute bei SWITCH

Security is important and it's important to make employees more aware about things that could go wrong and where they have to pay attention.

12

What are your next steps to help enhance security in your organization?

Mentimeter



One buzzword that sticks to your mind:

Mentimeter

What else do you want to say?

Mentimeter

THANK YOU	Thanks :)	Thank you
thx for the workshop!!!	Thanks	thank you so much!
Great to have also the technical working people from switch in the room.	Thanks!!!	thanks!!!11!!

10

What else do you want to say?

Mentimeter

We will do it again next year.
:-)
